Natur

at one with fire

Fire is a part of nature and has always been one of our necessities. Thanks to the compact designs of the NATUR Line, you can incorporate the cosiness and inspiration of flickering flames anywhere in your home. The 'flames' of the electric Optimyst® fire are sustainable, clean and safe, being formed from cold water mist and lighting. A lovely background by which to relax and recharge your batteries.

The Natur is a real innovation in the field of electric atmospheric fire. This fireplace is suitable for a range of applications, from small apartments to large public spaces and catering. The patented Optimyst® fire effect creates vibrant and realistic looking flames, rising from the center of the fireplace. The luxurious top plates are available with different wood finishes. You can also extensively adjust the flame height. Welcome to the future.

- Premium quality design, finish and appearance
- Easy-fill water tank, offering approx. 8-10 hours of operation
- 24/7 timer ensures a high flexibility, each day of the week can be set individually
- Enjoy the ambiance of the flames with or without the heater for all year round comfort
