

SP16

Optiflame® | 230V/50Hz | 2000 Watt

The SP16 wall fire is nearly a meter wide, to create a big impression. With flames rising above a very realistically glowing log fuel bed, within a black surround. In addition, it features a cosy and efficient electric heater and a handy remote control. A great wall fire to install in or at any wall you'd prefer.

- Sleek and contemporary design with a black finish
- A big statement piece in your home
- Can be wall mounted and the chassis can also be inset
- Log glowing effect for lit or pulsating logs
