Ignite Ultra 50 | 60 | 74 | 88

Built-In

Experience Better Living

Optiflame technology
A vibrant and realistic flame effect that adds depth and comfort to any space.

2kW heat output
Offering up to 2kW of heat via a fan heater.

LED lighting
Flames and lamps use energy-efficient LED lighting that requires no maintenance and can be used on flame effect only.

Fuel bed
Dancing flames rising over the realistic glowing and pulsating log effect fuel bed.

Unique linking kit
Enables you to connect multiple units together to achieve your desired length.

Colour options
Tailor the stunning flame effect with a choice of colours, adjustable flame speeds and brightness levels.

Reflective glass panel
Flames are even more intense due to the reflective glass back panel.

Heater
Powerful fan-assisted heater providing additional heating on demand.

Remote control
Controlling all functions of the fire.

Built-in timer
7-day programmable timer.

The Ignite Ultra is the latest innovation from Dimplex combining cutting edge technology with an elegant modern design for a true state-of-the-art electric fire which will transform any home. This stylish fire boasts the next generation of Optiflame technology, delivering a realistic electric fire that will ignite all your senses and truly captivate you.

The Ignite Ultra's flames dance and flicker like real fire and are enhanced by the pulsating and glowing logs, along with the crackling sounds, adding to the authentic fire experience. The large viewing window of 432mm allows you to enjoy the enchanting flames, which create a stunning fireside glow and adds warmth and atmosphere to any room. With its extensive range of sizes, advanced features, and unparalleled customisation, the Ignite Ultra will enhance your living space and promises to provide warmth, style, and a flame experience like no other.

- **Advanced flame technology** - experience a new generation of patented Optiflame technology, delivering a highly realistic and stunning flame effect.
- **Realistic glowing logs** – features pulsating logs enhanced with inner glow technology that pulse in rhythm with the dancing flames.
- **Crackling sound effects** – enrich the sensory experience of your fireplace with the wood crackling sound.
- **Choice of installation options** – 1, 2 or 3-sided fireplace, the possibilities for customisation are endless.
- **Patented Comfort$aver technology** – energy efficient heater offering up to 11% saving on energy costs.
- **Flame Connect App** – change the fire experience to your liking all by the touch of a button.
