

Scala 16"

Experience Better Living

Scala 16 Black Nickel

Insets

Sophisticated design, tailored to your space, the Scala 16 inset electric fire brings refined style and inviting warmth to any room. Available in a choice of black nickel or brushed chrome finishes, it blends seamlessly with both modern and traditional interiors. Delivering up to 2kW of heat output, it features a range of ambient lighting and flame settings, allowing you to create the perfect mood all year round.

Every setting is effortlessly managed by the intuitive remote control, giving you comfort and ambience at the touch of a button. With its realistic flame effect and refined design, the Scala 16" offers more than warmth, it brings a welcoming glow to any space. For larger spaces or a bolder statement, the Scala 22" model offers the same outstanding features in a wider format, giving you even more presence at the heart of your home.

Optiflame technology - enjoy the warm, mesmerising glow of Dimplex's trusted Optiflame effect delivering realistic, flickering flames that bring instant ambience to any space.

2kW Heat output - select from two heat settings for extra warmth when you need it or enjoy the realistic flame effect on its own, without any heat, for year-round ambience.

Optional spacer kit - an optional spacer kit allows for versatile installation, which enables the fire to be used freestanding against a wall or within a fire surround, even where inset depth is limited.

Remote control operation - effortlessly adjust flame effects, ambient lighting, and heat settings with the sleek remote control.

Also available in 22" size - want more of a statement? The Scala is also offered in a wider 22" version, giving the impression of a larger fire while still fitting into a standard fireplace.

Customisable ambience - choose from multiple flame brightness and ambient lighting settings to create the perfect mood, whether you want a soft, subtle glow or a vibrant, flickering fire.

Optiflame technology

A vibrant and realistic flame effect that adds depth and comfort to any space.

2kW heat output

Offering up to 2kW of heat via a fan heater.

LED lighting

Flames and lamps use energy-efficient LED lighting that requires no maintenance and can be used on flame effect only.

Fuel bed

Dancing flames rising over the realistic glowing log effect fuel bed.

Remote control

Controlling all functions of the fire.

Manual control

Can also be operated via the button display on the unit.

Thermostat

Maintains the desired room temperature by automatically switching on and off.

Flame effect only

Enjoy the ambience of the flickering flame effect any time without the heat.

Built-in timer

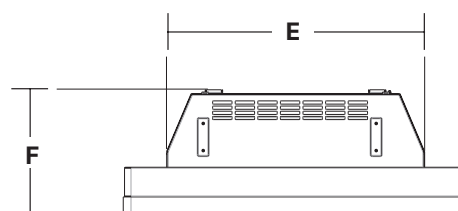

8 hour programmable timer.
